

SATURDAY, PEACE DAY, OFFICIAL HOLIDAY

A proclamation has been issued designating Saturday, July 19th, a public holiday for the official celebration of the signing of the peace. All stores in Wainwright will be closed on that day.

TWO PROPOSALS FOR RELIEF OF STOCKHOLDERS

Ottawa, July 16.—To relieve the stockholders in the dry areas of Alberta and Saskatchewan, whose lands are threatened through scarcity of feed the federal government has submitted two proposals to the provincial governments interested. It is proposed to cut back on the Dominion land in the north, half if and ship it south to feed the cattle or to send the cattle from the southern areas to the hay lands of the north, where moisture has been adequate and grain is abundant. To ship out either or both of these proposals the Dominion government has proposed to the provincial authorities that the cost of securing and moving the hay land cattle be borne equally by the Dominion government, provincial governments, railway companies and stockowners. Another proposal for division of expense is that it be borne equally by the Dominion government, provincial governments and railway companies. The latter probably will be adopted as the stockowners may not be in a financial position to assume any part of the cost.

David Hanson will return home this week from Edmonton, where he has been in the hospital undergoing treatment.

WEALTHY BRITON SETS GOOD PATRIOTIC EXAMPLE FOR RICH

London July 14.—A wealthy man of London who signs himself as "P. C. T." has written to one of the newspapers declaring his intention to subscribe to the Victory loan in the sum of \$750,000, and then turn the bonds back to the government for immediate cancellation.

"Today on the eve of peace," writes "P. C. T." "we are faced with another crisis, less obvious but none the less searching. By a natural reaction not unlike that which led to the excesses of the restoration under the reign of the Puritans all classes are in danger of being submerged by a wave of extravagance and materialism."

The wealthy classes know the danger of the present debt. Let them impose on themselves, each as he is able, a voluntary levy. It should be possible to have the exchequer within twelve months such a sum as would save the tax payer fifty million pounds a year. I give one fifth of my estate as a thank offering for the first conviction that never again shall we have such a chance of giving our country that form of help which is so vital at the present moment."

Publication of this novel form of subscription to the loan infinitely roused the public, and all sorts of opinions were expressed. The more thoughtful newspapers gave it their unqualified endorsement and urged others to follow in the footsteps of the patriotic P. C. T.

CROP PROSPECTS MORE FAVORABLE

Recent Rains Will Help Oats and Feed Problem

Crop conditions have taken on a different aspect this week, being considerably more hopeful than was expected. On Sunday in Wainwright and surrounding district a heavy rain fell for about three hours, saturating the ground thoroughly, and making the soil soft for the first time for many weeks. The prospects for more rain during the balance of the week are also very good. Much of the wheat, especially the early sown, is a total loss, but there is still a considerable portion that looks fairly well, being now only a question as to whether the heads will fill out or not. Oats should have a lot better prospect now, and on looking around the district, there are quite a few fields where the straw is fine, showing good color and having well filled heads. Hay will be greatly benefited by the rains.

One old resident thinks that the district will receive their seed all back with a little to spare, and says there are fields of wheat which will go over 15 bushels per acre.

The feed problem is the most serious now. The prairie grass is short and the growth of meadows is not very good. Hay will also be short, even if there is grain to be threshed.

MANY CATTLE ARE COMING INTO EDMONTON NOW

Cattle are arriving in Edmonton from the south country in hundreds. The people there are already short of feed and some of the farmers have turned their cattle into the short grain fields. As soon as that is eaten they claim they will have nothing further. Others feeling that they will not be able to get feed for the winter are selling before the price gets lower as they fear it will. Thursday night there were about fifteen cases of cattle which came in over the C. P. R. from Calgary. Many of these are in very poor condition and are being for canners. Local feeders are buying in all he can get, they can get at all. With the assistance promised by the government for the shipping of feed there may be a little let up in this wholesale shipping of the stock from the south.

MR. GLENN FRANK, Associate Editor of Century Magazine, Third Night of Chautauqua.

UNITED FARMERS OF ALBERTA HAVE GAIN IN MEMBERSHIP

The United Farmers of Alberta are growing faster in membership than at any other period in its history. The membership dues received at central office for the first six months of this year are in excess of the total for the whole of 1918, as the following figures show:

1918 (twelve months)	1919 (six months)
Men	15,547
Women	1,610
Juniors	47
At Large	6
Life members	108
Total	18,217

Of the same rate of increase, in 1919 during the second half of the year the U. F. A. and U. F. W. A. will more than double their membership this year.

BIG FUR SALE HAS CLOSED IN NEW YORK

New York, July 15.—With sales totaling slightly over \$1,000,000 on about 200,000 skins, the two day fur auction closed. Prices in many instances showed an increase of twenty five per cent over June.

EN-ABLE PIONIC

On the shores of the pretty Broad lake, which nestles down in the hills and skirted with poplar groves, a delightful picnic was given by Mr. and Mrs. A. N. Remondin in honor of the return of Mr. A. C. Zehner, who just recently arrived from overseas.

The site, on the farm of Mr. Norman, is an ideal one for a picnic. The beach is level, and covered with a grass carpet, with fringes of shade trees along the water's edge. Under the trees a long table was constructed for the use of the picnickers, and a refreshment booth under the management of Paul Charrier. Under the water's edge, a large number of up with all the different brands of thirst quenchers, tobacco, candy, etc. The chief entertainment was the bathing, in which nearly every one had a hand. The water being alive with swimmers during the afternoon. A diving board had been built the day before, and this was in constant use. Boating was also enjoyed.

At six o'clock the goodies were all spread out on the table and everybody had a good satisfying meal. After supper the dancing platform was made use of, the music being supplied by Sousa's band, large orchestra etc., a gramophone.

Broad lake makes a splendid picnic site, and owing to it being one of the largest lakes in the district, boating is one of the chief attractions.

PRINCE OF WALES WILL BE IN EDMONTON SEPT. 12-13

The date for the visit of the Prince of Wales to Edmonton has been set for Friday and Saturday, September 12th and 13th. From here he will proceed to Calgary. Lieut. Governor Brett has just received advice in Edmonton from the Duke of Devonshire of his intended visit to Calgary and Edmonton of the help to the British throne.

PROMINENT EDUCATOR

On the second afternoon of Chautauqua, Mr. J. Klemm of the Washington State Normal School at Pullman, Wash., will present a sound educational lecture in an intensely interesting manner. For many years Mr. Klemm has been one of the most sought after men in the northwest for lectures at institutes and conventions. He is giving a limited amount of time this summer to the Chautauqua platform and every community which hears him will be the better for it. There is not one dry thing about Klemm's lecture—it is a live subject handled in a live manner, abounding in fine wit and humor.

ANTHONY GUARINO, Tenor, Two Programmes Second Day of Chautauqua.

PICNIC AT PLAXTOL SCHOOL

Members of the Plaxtol school district will hold a basket picnic on Wednesday July 23rd, at the school, two miles north of Quesley & McPherson's store. Sports of all kinds, including foot races, horse races, etc., will take place. Everyone is requested to bring their basket. A dance will be held in the evening at the school building.

IRMA BARS BALL TEAM

Irma sports have barred the Wainwright ball team from entering their sports on Saturday. They were led to believe that a \$100 prize was given here on July first, though news published in the paper, and as this was not forthcoming, they are consequently very much peeved.

It is unfortunate that this thing has happened, but the news was given out by an official in error, and the ball association had never promised the money, as at the time they did not have nearly that amount on hand, and no couldn't very well promise what they didn't possess.

The Irma ball team are good fellows, and we trust that the matter will be soon cleared up.

MRS. A. C. ZEHNER of Texas, One of the Great Women Lecturers on Platform.

Chautauqua Days Are Coming Soon

Wainwright, July 6th to August 1st

The White Hussars

A Musical Company unequalled on the Chautauqua platform. Two programs on the fourth day by this splendid organization of singing and playing musicians. Their concerts range from the great classics down to popular airs of the day. Don't miss the Hussars!

Lieut. Bruno Roselli

Chevalier of the Order of the Crown of Italy, soldier, author, lecturer, special representative of the Italian government to acquaint Americans with Italian reconstruction problems. A brilliant lecturer and thinker. Subject "Italy's New Place Among the Nations."

Mrs. A. C. Zehner

One of the leading members of the Ellison-White lecture staff. Mrs. Zehner is often termed "the best woman lecturer in America." An eloquent convincing speaker with a lecture that makes for better citizenship. "Forces that hinder the Progress of a Nation."

Metropolitan Artists

Three musical artists who have won a distinct reputation in the musical world. Company headed by Mary Welch, well known contralto. Oscar Wagner, brilliant pianist and American accompanist. Joe Polak, master of the cello, member of Chicago Symphony orchestra.

CROP REPORT FOR THIS WEEK

The following crop report was given to the end of last week from the different localities. During this week rains have fallen in many places and the situation is improving considerably.

Edmonton Subdivision

Vermilion—No rain this week; crop total failure. Unless we have rain soon we will have no green feed. Farmers commencing to drive stock north for feed.

Sturgeon—No rain this week; but fair showers passed over the country thirteen miles north of the railway to the river, a distance of thirty miles but not sufficient to have effect on crops, which are absolutely gone. Cattle will have to be moved out of here for green feed. One farmer already left with two carloads of stock and has settled at Grandview, Man. Others leaving.

Insulated—Grain very short, and commencing to head out; rain badly needed.

Handy—Early seeding a failure with exception of one or two places here and there where rain happened to fall, the later seeding will probably mature in most cases but will need moisture.

Larv—No rain past week with ex-ception of a light shower and bad weather and dry, leaving crops in bad condition for want of moisture.

Vegreville—Weather past week was warm dry and only a few light showers. Heavy crops practically a failure. A heavy rain will help late crops.

Manitoba—Weather past week very hot and dry, crops suffering for want of moisture. Another week of this weather and crops will be a failure.

Calgary—Crops in bad condition for want of moisture; rain badly needed.

Lamont—Crops damaged considerably from recent hail storm. Crops dying out in places for want of rain.

Brookfield—Weather conditions favorable crops appear to be coming along fine, about seventy five per cent wheat headed out and twenty five per cent oats.

North Battleford—Crops generally are looking good; high winds are playing havoc with growth. No rain to amount to anything. A lot of fallow plowing being done.

Medicine Hat—Crops conditions in this district now serious, there cannot be an average yield. Cattle must be sold at very great sacrifice owing to shortage of feed.

Wapiti—Two light showers since last report. Some farmers are commencing to plow their crops under and others are reserving them for pasture.

Laurel—Crops prospects now discouraging; lack of moisture and too much wind have practically eliminated all chances of any crop.

Marshall—Dry and hot weather past week has completely finished what crop and oats, with favorable weather will make forty per cent. Expect feed shortage.

Lloydminster—Rain badly needed. Crops south practically dried out. Crops north and west of town in better shape still rain is badly needed.

Kispioxi—Weather dry, no rain; crops too far gone to help in any way. No rain since last report. The weather hot and dry, grain suffering for lack of moisture. Prospects poor for average crop.

Battle River Subdivision

Big Valley—No rain, weather dry moisture needed soon.

and hot. Crops in fine condition but Warden—Weather past week hot and dry. Wheat headed out. Oats all, though a failure are doing better than expected.

Bettler—Rain badly needed: none since July 5th. If present weather continues cutting will commence by August 10th.

Tied Willow—Weather hot and dry; no rain to this district past week. More of wheat heading out. Hay and feed to be scarce, lack of moisture seems to effect the hay worse than the grain.

Louisa—Crops damaged account of dry weather. Wheat heading out and very short and will not be out on that account. Total yield has already been reduced 40 per cent. Rain needed.

Meeting Creek—Wheat and oats are heading out, crops will be very light unless good rains come within next day or so. Weather warm.

Edmore—Crops suffering for want of moisture. Wheat heading out unless we get rain very light crop expected.

Cascade—Weather past week warm with few light showers. Rain badly needed. May crop light on account of crops will be total failure.

not sufficient moisture.

Round hill—Weather dry, rainfall is very light; crops suffering greatly.

Sturgeon River Subdivision

Prince—Had two fair showers which helped crops considerably, but high winds have done considerable damage past few days. Farmers state if they do not have more moisture expect only half a crop.

Athabasca

Morningville—Crops very good as immediate vicinity and east, little need of rain. No hail to date.

Clyde—Crops growing well, grain commencing to head out, favorable good crop. Good rains recently no damage from frost.

Athabasca—Crops good, 24 hours rain past week.

Braceburg Subdivision

Sylvan Lake—Crops in need of moisture, however, no cause for alarm, wheat is heading out in places, situation looks favorable.

Alliance—Weather warm and dry, but prospects are good for average yield. Nearly all heading out, straw is about 1 to 2 feet high.

Galahad—No rains past week, oats will make fair crop if we get rain soon. Expect only light crops this season, lack moisture.

Meleider—Weather very warm and dry, wheat will yield about 1 to 15 bushels per acre if we have rain soon.

Forestburg—Grain damaged on account of hot and dry winds and no rain, wheat will average from 12 to 15 bushels per acre; oats 10 to 25 bushels if we get rain soon.

Peace River Subdivision

Sanguine—Grains growing rapidly; sufficient moisture, weather warm and favorable, no damage so far.

Calgary Subdivision

Calgary—Crops Calgary and district west and west of city are almost complete failure. In large number of places stock men are without feed of any kind and very little grain if any will be threshed out. East of city prospects are a little better but do not expect more than an average yield.

Hanna—Cats all heads out, very short rain needed, wheat still has good color. Commencing to show lack of moisture on the knolls and high spots.

Craigville—Crop report for July 10th no rain past week—rain badly needed, grain nearly headed out, requires rain to do well.

Cody—Crops suffering from lack of moisture, others report that conditions are ideal.

Neche—Little rain since last report, crops looking first rate and healthy.

Burman—3 per cent wheat heading out and in good condition. No rain to speak of past week. Very little summer following being done.

Drumheller—Crops conditions very different, will not yield more than half crop this season.

Rosebud—Crops are beginning to suffer from want of moisture, but at present are looking good; require more rain.

Rockyford—Weather warm and dry the past week. Moisture now badly needed. Wheat still looks good in spite of drought. Oats poor.

Hanna Subdivision

Kinderley—Weather dry and warm with exception half hour's rain on Saturday evening. No change in crop out, look.

Laurel—Weather clear and warm shower Saturday lasting 3 minutes, doing considerable good. Expect fair crop.

Flaxcombe—All grain going backward fast; at the best conditions from now on cannot figure more than half a crop and straw will be short. Prospects do not look very encouraging.

Marango—Weather warm and dry doing considerable damage to crops. Do not expect more than 10 to 15 per cent of a crop.

Merid—Crops suffering considerably from lack of rain; only half crop expected if rain does not come soon.

Alaska—One shower lasting about an hour in all rain past week. High winds have been frequent with plenty of rain yet there may be a fair crop.

St. Paul—Crops looking fair, but more rain needed; prospects at present 15 to 20 bushels of wheat; more local showers.

Chinook—Few light showers past week, may have good return; about 75 per cent wheat gone; flax doing fairly well; needs rain.

Youngtown—Weather warm and dry past week. Rain would help feed situation and possibly late oats. Wheat too far gone.

Sturgeon—About 50 per cent grain killed, account lack of rain; wheat heading out.

Vermilion—Weather conditions dry and warm; unless rain comes quick the crops will be total failure.

**MINERVINI EXCELS
ON THE ACCORDION**

Young Italian Artist Comes to the Chaptauque

The musical possibilities of the piano accordion are little understood in America," says Antonio Treci, who arrived the talented musician who comes to Chaptauque on the third day of July, the home of the young Italian and the home of an intensely musical people, the piano accordion is one of the favorite musical instruments of all classes. In the hands of a master it is one of the most pleasing and melodious instruments. Such a master is Antonio Minervini. In the five years he has been in America he has acquired a wide reputation as a piano accordionist of the first rank.

**MANITOBA WILL BUY
5,000 ALBERTA CATTLE**

Winnipeg, July 15.—As a result of the present crisis in the cattle industry in Alberta where there has been a total failure of hay and other fodder crops, leaving, according to reports approximately 150,000 head of cattle without food, the Manitoba department of agriculture has decided to purchase between 5,000 and 10,000 head for the farmers of this province. Action by the government was announced by Hon. V. Winkler, minister of agriculture, here.

A DEFENCE OF WOMEN'S INSTITUTE

By Farmer's Wife

The Farmers' Convention is now, as I write, going on in Wainwright, and Hy and I and their wives are all in it. The town is full of cars and the green ribbon of the delegates makes one think it is "St. Patrick's day in the morning" instead of June 17-18. I am glad, being a farmer's wife of long standing (especially at the theatre Tuesday) that the farmers are beginning to waken up and organize. It is time, because it is considerably over six thousand years since the first farmers, Adam and Eve, had their food and clothing problems, with an embargo on fruit, and clothing out of sight. All other forms of labor are organized and have been for years.

But, because the farmers have been slack and are in the main still so, is no reason why they need start out with an axe when they do begin to organize. There is room to everybody as well as improvement.

Especially do I disapprove of the stand that Mr. Wood takes in regard to Women's Institutes. As I say, I stand in the council chamber in the very spot where our splendid single-hearted Institute officers have stood and talked so narrowly on the subject. I deplored the fact that he could see differently.

He practically says that one cannot belong to the U. F. W. A. and the Institute too, and of course, as a farmer, your duty is to the U. F. W. A. He says the farm and country woman's interests are antagonistic, that they cannot work together, that practically speaking, they do not want us farm women to have things we should have. Some women there agreed and that the "town women looked

J. W. Stuart, Prop.

down on the country women." Well, I must confess that I expected to hear something more enlightening. I wish that I had a little Indian juggler's art and I could project before them a scene showing a Wainwright "town woman" gravely showing up the advantages of rural telephones, consolidated schools or municipal hospitals—a much more dignified scene, I assure you, than the primitive babblings of the afternoon of June 17.

I contend that the interests of the plain towns and its adjacent country country are identical, and I have been here and there in the west for over twenty years. The intelligent people of both the town and country understand each other perfectly. I don't take into account the imbecilities of either party—they are our misfortune, not our fault.

The interests of the small town and the country are so interwoven to be inseparable. They rise or fall together. The retailer derives considerable benefit, no doubt, from being offshoot of the organizations at the back of him, in manufacturing, advertising, etc. But, as I have said, what has prevented the farmers from organizing before this?

Mr. Wood claims that nearly all the brains in every enterprise belong to the people raised on farms. Probably so, but after that, I am sure, they are such at the millinery, and they show an inclination to jump up and peep along the class that breed them, what is done? They say, "kicked out." They are looked upon as objects of suspicion, their motives are questionable.

Now, for my part, I say, "Come on, in the water's fine." Anyone who endorses the farmers' platform, which is sound, is a farmer at heart, and has the farmer's integrity at heart, and wishes to see him go ahead. There is room for a farmer's organization, a big one, and without using an axe.

Mr. Wood says that the farmers are fixed prices for wheat this year. But I heard a merchant in Wainwright say it was a shame that the farmers had no idea what they were working for. I think it was the same merchant who gives me the U. F. W. A. rest room rent free.

Detractors of the Women's Institute always insinuate that these bodies are sort of padded cat's paws of the government, because they accept a grant to assist them in their work for community welfare. Mr. Wood mentioned the exact amount, I forget how much altogether. But it is also a fact but not so well advertised that the U. F. W. A. also receives a government grant. I think they are each entitled to it, if they are doing a good work and it is equally justifiable for each to accept it and go home done.

Mr. Wood is no doubt, sincere, and with even a little faithfulness, such as I have mentioned, would be impossible to replace at present. But if we are organizing, let us understand each other from the top down and have no weak nesses in the structure. We farmers have been too slack for a long time; let us not spoil things now by going in the opposite extreme.

GOLD DISCOVERY IN THE PAB DISTRICT

The Pab, July 14—Measuring 20 ft. wide and 5,000 feet in length, comprising a solid dyke of quartz containing gold has been found at Copper Lake, north of here, by J. P. Gordon, ex chief engineer of the Hudson Bay railway. Mr. Gordon states that the values are uniform throughout and average between \$9 and \$14 to the ton.

Income prospectors confirm the report of the discovery and a mild rush has already begun to the scene of the strike. Copper Lake is east of the Pin fin coupe mine and it is also the scene of the finest of fish fossils a short time ago.

S. R. Bowerman

Corner Main Street and Second Avenue Wainwright

A Spare time Job for Dad

An old spade, a hammer and a few nails, a little spare time, and you are ready to build that fence. \$37.00 will pay for the posts, 2x4 for top and bottom, 12 inch base-board with watertable on top and 3 foot pointed pickets all the material you need to build a first class fence 100 feet long. Phone your order to No. 57.

HARDWOOD FLOORS NOT EXPENSIVE

Try cost less than rugs and last longer—are beautiful and really last so. For \$15.00 you can buy enough No. 1 Maple Flooring, three-eighths of an inch thick, one and one-half inches wide to cover 300 square feet. It can be laid directly over the old floor in your spare time. Just think how much your property will be benefited with these satisfactory floor coverings. Your wife will be ten years younger.

A good looking bride deserves a good looking home. Share something with your wife besides a "hot receipt, live in a home of your own. The face of nature looks better when viewed from the porch of your own home. You can't make a silk purse from a sow's ear, can you make a home in a rented house.

To be continued every Week

LOCAL PARAGRAPHS

Chas. H. Brown, B.C., on his way to Alaska, Canada, only son of Mr. and Mrs. Andrew Lawton, arrived here today. Mrs. Lawton is now residing in Wainwright.

Mrs. E. J. Dowerman is holding a party at Alberta beach, west of Edmonton.

J. J. Crampton, recently of Toronto, has been named to Wainwright, and will live here in future.

Mrs. J. Small and her family left this week for Kamour, Ont., where they will visit for about a month.

The infant son of Mr. and Mrs. Fred Gordon died this week.

Bill faced is reported to have landed at Montreal this Saturday morning, and is due here at 11 a.m.

Lee Wilcox of Provost was a visitor last week.

Quite a few Wainwright folk motored to Edmonton during the fair and reported that the exhibition was a splendid one.

Mrs. P. P. Brown, mother of Rev. P. P. Brown, left for Edmonton, Thursday, and Miss Clara left Thursday. They will reside in Edmonton in future.

St. W. McLeod, Thos. Lake, Mr. Keith, Mr. Martin, T. L. Cook and E. M. Chandler went to Galt House on Saturday last to attend the meeting of the Orange Lodge. One candidate walked the rocky road to Jericho and after the meeting a fine lunch was served by the members of the lodge.

It is understood that J. J. Armstrong left last week for the north country to look into prospects for winter quarters for his stock.

Russell Fox was a visitor to Edmonton last week.

Alexander Kennedy, former manager of the Farmers' Elevator at Green, Alberta, was a visitor in the district Tuesday and Wednesday.

Dave Fetheringham was visiting with Charlie Ward and renewing acquaintances.

Mrs. James Ward is building a cottage at Clear Lake.

Miss Rita Lyle will spend her holidays in Edmonton, leaving this week.

The new bell was put into the St. Thomas church, Wednesday, and on testing it out, several things were found. The bell and organ looking for a fire.

F. W. Fish has just finished a new addition to his residence.

A meeting of the Guardians of the Wainwright Chautauqua was held on Tuesday afternoon to prepare for the coming Chautauqua, July 26th to August 1. Tickets will be sold at various places.

The work trains which have been engaged in ballasting the track east of here have finished this season's work, and were taken off this week.

News around town is about as plain, still as rain this spring.

Miss Irene Pickles accompanied by her young brother and also Miss Fuller are expected to arrive at the Shamrock camp, Clear Lake, next week for a short holiday.

Miss Pickles became senior patrol leader of the St. James Wainwright City Guides after Miss Gerrie Walker was promoted to the lieutenant. Miss Pickles' father was killed in action during the early days of the war, she now holds a good position in the Government Land office at Saskatoon.

St. Thomas Church of England

Sunday July 26th, has been set apart as "Pledge Sunday" the services in St. Thomas church will be in keeping. As the Holy Communion is the great Thanksgiving service of the Church, there will be three observances: First at 8 a.m., Second at 10.30 a.m., Third at evening 7.30 p.m.

The new bell ordered for the church of England St. Thomas, has now arrived. The bell was put in this week and its first message is "Pledge Sunday" July 26th. This bell is the gift of the young church workers organized by Mrs. Lamm, and reflects much credit upon all concerned. It was to have been here 11 months ago, but was delayed by the existing war condition.

Mrs. H. W. McLeod and daughter Ruth have left for New Brunswick and Nova Scotia points where they will spend the summer with friends and relatives.

In a letter received in Wainwright by a Calgary friend, it was stated that Mr. H. O. King had arrived in Calgary some six weeks ago, and that he and Mrs. King were contemplating a visit to Wainwright during next week.

Methodist Services: Services as usual at Grace Church at 8 a.m., Sunday school at 10.15 a.m., singing at 11.30 a.m. at 5 p.m.

NOTICE TO CREDITORS FOR THE ESTATE OF GEORGE JONES, Late of Edmonton, in the Province of Alberta, deceased.

Pursuant to the order of His Honor Judge Morrison, notice is hereby given that all persons having claims upon the estate of the above named George Jones, who died on or about the 28th day of September A. D. 1913, are requested to file with National Trust Company, Limited, at 1072 Jasper Avenue, Edmonton, Alberta, by the 15th day of August, A. D. 1914, a full statement duly verified by statutory declaration of their claims and of any securities held by them, and that after that date the Administrator will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so filed or which have been brought to its knowledge.

Dated at Edmonton this 3rd day of July A. D. 1914.

Witness my hand and seal, this 3rd day of July A. D. 1914.

Approved: (Signed) F. A. Morrison, Administrator.

If you plan to visit your friends in Wainwright this summer, there is no better way to travel than via the Great Lakes route, and the steamships of the Western Navigation Company are the most in service on the Great Lakes.

Write to or ask your Grand Trunk Pacific agent for full particulars.
